## **MEMO N° 2 TO BERNARD CAZENEUVE**

### **SMALL INTERVIEWS**

From the whole of the “*small interviews*” file, several questions and queries arise. I have brought them together hereafter. My questions are indicated in “*underlined italics*”.

**JF Leguil-Bayart** indicates that he has submitted a memo to the reporter. *Where is it?* It is agreed to ask the Quai for all of its CAP memos and to plan for an interview of Thérèse Pujolle. *Has this been done?* Furthermore, he says that Martres was committed to the Habyarimana couple and that the French departments know the perpetrators of the attack. *What evidence does he have?*

**Tavernier** says that the manager of the “services” of the ex-FAR submitted a report to France and photos of 4 missiles relative to the attack. *Do we have confirmation of this?*

The reporter shows photos to **Reyntjeins**, indicating that he was unaware of their origin. *Where are these photos and where did they come from? Have we thought about interviewing **Barril**, whose name comes up many times?*

The interview of Mrs Omar is indicated to **JP Chrétien**. *Realised?*

**Mr Dupaquier** told us he had many photos that he must give to us. *Done?*
