MEMO N° 5 TO BERNARD CAZENEUVE

ATTACK

In the available part of the attack file, we can read that on 27 May 98 P Quilès was awaiting a memo from the Defence on this “affair” which had still not arrived. Has the document now arrived?

General Mourgeon (8 July 1998) sent the reporter an EMA document and a DGSE [French Secret Service] document on the attack. Another file?
