JET: Technical military material requirements

Dear Minister

With reference to fax n° 005/92 from the Rwandan Embassy in Beijing, and subsequently my letter N° 01323/02.1.9 of 12 December 1991 on loans for the construction of military camps, I have the honour of attaching the list of the technical military material that the National Ministry for Defence wishes to acquire urgently from the Chinese Government on a long-term loan. I would appreciate it if you would take the necessary steps with the Minister for Finances to enter into the contract, which should take place as quickly as possible for a rapid acquisition of this material.

I would appreciate it if you would treat this letter as urgent.

The Minister for National Defence
Colonel Augustin Bem Ndindiliyimana
